Personal Statement

I started playing softball when I was six years old and have loved it ever since. Playing softball in college would mean the world to me. The life-long friendships I have developed, the importance of teamwork, and the confidence I have in myself have all stemmed from softball and I want to continue to make more unforgettable memories in college. What I have to offer to a college team is my dedication, effort, and positive mindset that I have both on and off the field.
